The Manchester Marching Band participated in the state contest at Iowa Falls in competition with twelve other bands and received a rating of Division II. During the football and basketball season they did formation performances with Earl Dunn as drum major and Peggy Roe and Janaan Haug, drum majorettes.

Instrumental soloists taking part in the district contest at Monticello are: Merle Kratzer, baritone euphonium; Leola Roller, sousaphone; Hubert Smith, saxophone; Earl Dunn, French horn; Helene Hebron, trombone; Lorraine Bushnell, piano; Robert Dykema, cornet and Phyllis Fry, bass clarinet.

The Concert Band with forty-nine members entered the sub-district contest at Monticello on April 5. The Brass Sextette and Clarinet Quartet also are participating in this contest.

On March 31, the band and glee clubs presented their annual concert including contest pieces and both vocal and instrumental soloists.

Mr. Odegaard, director of the band and instrumental groups, is doing an excellent job of conducting this year.

Football

Although the final standings of the football season showed that Coach Cole's Manhawks lost four games while tying two and winning only one, yet the performance of the locals indicated that football at M.H.S. is on the up-grade. Further evidence in this direction is the improvement of Assistant Coach Beckman's Freshman Squad; which defeated the Independence frosh by a 6-0 count in their only scheduled game.

Manchester tied for fourth place in the Tri-Valley Conference, and placed three men on the All-Conference teams: Carl Decklar as utility lineman on the first team, and Nyle Bergstrand and Roger McIntosh as guard and back, respectively on the second.

John Swift was the unanimous choice for captain of the 1939 Manhawks.

Basketball

What a year this has been for the hard court rooters witnessing a season of 16 wins and 7 defeats. The mighty Manhawks rolled through both the strong and the weak and left an impressive record that will long be remembered.

Some of the special accomplishments achieved by the Orange and Black were: They defeated a Cedar Rapids school for the first time in history; won from Vinton on Vinton's floor for the first time in history; stopped Vinton on Manchester's floor for the first time in the last six years; won the county tournament for the first time since 1936; also ranked two players in the Honorable Mention division of the State team.

This year's regular team found Timmons and Bissell as forwards, Bergstrand at center, McIntosh and Leighton as guards, with some very good boys to fill in during times of need. Such were Rector, Barker, Sloan, B. Arnold, Eberhart and Corll.

In the Tri-Valley Conference, Manchester ended up in a tie for third place with Vinton; however, Manchester defeated them both times when they met during the season; also, they scored more points in the Conference than Vinton.

Cedar Falls, the Conference winners in football, continued to win laurels by also winning the Conference basketball title.

Five of the seven games lost this season by the Manhawks were dropped in conference games.

The leading scorers this year were Mully of Cedar Falls with 92; Bissell of Manchester with 88; Griffith of Independence with 82; Fowler of Vinton with 77; and Bergstrand of Manchester with 55.

The Senior members of the squad this year are the three "Bobs" of the first team: Bob Timmons, Bob Bissell, and Bob Leighton.

The second team, seemingly inspired by the feats of the first team, set an impressive record for themselves, crushing six foes and bowing only to three. Barker and Peterson held down the front court with Corll at center; in the back court Eberhart and Dave Arnold did very nicely.

The Junior High, under Coach Blair's experienced supervision, did as well as could be expected this year. Starting out with a green and inexperienced team the boys won three and dropped five, but most of these were lost by only a few points. The starting line-up was Bob McIntosh and Young forwards, Hatch center, Frantzen and Barker guards.

A Parable for Students

And in those days, behold, there came thru the gates of learning a student from afar off. And it came to pass that as the days went by he learned loads of 'what have you'. They that were grouches smiled upon him and gave him the glad hand. The books opened up their pages unto him.

And those in the school that were the slackers, and they that spent their days adding to the alibi sheet, were astonished. They said one to the other: "What the dickens? How doth he do it?" And it came to pass that many were gathered together in the hall. And a soothsayer came among them. And he was one wise guy. And they spake and questioned him, saying, "How is it that this strange student among us accomplisheth the impossible?"

Whereupon the soothsayer made answer: "He of whom you speak is one hustler. He ariseth very early in the morning and goeth forth full of pep. He complaineth not, neither doth he knock. He passeth no opportunity. He is arrayed in purple and fine linen, while ye come forth with eyes half opened and with wits befogged.

While ye gather here and say one to the other: "Verily, it is a heck-uva day to work, he is already at work. And when the eleventh hour cometh, he needeth no alibi, the Coffee Den attracteth him not, and the movies he passeth with a look of cold scorn.

He smileth alike on the wise and the unwise. He saith not to the principal, 'Behold, they that are in this school are a bunch of boneheads!' Nor doth he report that it can't be learned, and then console himself in a "True Story".

He knoweth his course of study, and they that would ridicule him, he squelcheth. They give him the raspberry when he studieth, yet when he goeth forth to class he knoweth all the answers.

He hath taken with him two angels: Aspiration and Perspiration. He knoweth whereof he speaketh; and he worketh to beat heck. Verily, I say unto you, go and do likewise.
